AT YOUR REQUEST--

LOUNGE news

Dr. Edward Perry has agreed to be on campus March 24th and 25th in response to student request. He will be here for the expressed purpose of getting to know the students and engage in frank discussion with them--in the capacity of Chairman of the Board and Synod President. This is for the entire student body, not just members of Upper New York.

Tentative plans involve discussion groups of approximately fifteen (15) students each, centered around specific themes at different times and locations; open sessions; a worship service; joining us at coffee and lunch. Students are asked to pass on their suggestions to their class presidents, Bill Rosevear or Steve Jensen.

It is hoped that students will take full advantage of and help in planning these two days.

Steve Jensen

QUOTE OF THE WEEK:!"#\$%&'()*+--@z!!!

"Heaven will be one long lecture on "Christian" ethics when the bell doesn't ring at the end of fifty minutes----- and God is sitting there taking notes!"

--William Lazareth

DID YOU KNOW??

A Philadelphian on the street takes into his lungs the equivalent in toxic materials of 38 cigarettes a day!!!

Philadelphia loses 25% of natural sunlight through smog!!

During the past few days, you may have noticed a hustle-bustle around the old refrigerator-jock room in F Hall. Remember the lounge we talked about a few months ago?? Well, it hasn't been forgotten. It's finally getting out of the talking and planning stages into the doing stages!! Do you believe that??! Furniture has been coming in now and then, and at the present our supply is almost sufficient. Just last week one rug was bought (the blue one) and the red one was donated to the seminary by a nurse from Northwest Ambulance--Grace O'Connor--and she's even a Roman!! Bless you, Grace. A neighbor of her's, Mrs. Deikus donated the swivel-rocker. The old weight room has been painted--and much thanx to those who helped. If you've seen it, don't mock it out too much--it isn't finished yet. The Pepsi machine has been ordered and will hopefully be here by the end of next week. Being ecologically minded--we got returnable bottles--so please return them when you are finished with them. Barb Nelson and the wives club have already sewn the drapes for the "Brown" room and are going to make large floor pillows in the near future. Dick O'Leary is making mobile(s). Barry Henderson is helping out too--but don't blame him for the brown room!! George T. is bitching about the paint smell already!! We lost Mel in there last night--so if you find him--. The paint spots or droppings on the floor are compliments of Bruce Davidson, Vear, Mark Roth, Villaume, Tome Light, Tom, Dwight, the ed., anyone I missed--sorry Hans-Pete. So REJOICE--it's moving along. We can use your help, too. More next week as it progresses.

ALLEY

Last week our league moved to the Broad and Olney lanes. For once, seminarians fell up out of sin into paradise. These lanes are a more than welcomed change. Fortunately, the bowlers easily adapted to the switch over.

The league standings remained the same: Jeremiah (4-0) defeated the faculty (Isaiah 0-4) with difficulty and Micah (2½-1½) edged Amos (1½-2½). The third game between Micah and Amos resulted in a 465-465 deadlock.

The standings still show:

Jeremiah	35-21	.627
Amos	28½-23½	.548
Hosea	27-25	.519
Micah	25½-26½	.490
Isaiah	22-30	.423

Pin Pulverizers were: J. White(181-493); B. Hoenich(157-453); J. Rickards(410); Chip Fairchild(408); and G. Langensiepen (157-453). (Almost forgot Gary!--ed.) Bowling will begin at 9:30 due to Ash Wednesday services.

J. Rickards
League President

SORRY

To those of you who have been looking up the magniloquent word comession, the dum-dum printer offers apologies for mis-quoting Mr. Sullivan. Compassion usually gets a "p".

THANKS

Our thanks for your expressions of concern and thoughtful gift of flowers during Lois's recent hospital stay.

The Overbecks

Did you know????
700,000,000 pounds of pesticides are used each year. Most pesticides, like DDT, never disperse, but rather accumulate. The newer herbicides such as endria, are 50 times more dangerous than DDT.

From Elsewhere

The editor of the Seminarian receives copies of student newspapers from various other seminaries. Following are two excerpts from two of them (one from each rather).

From Table Talk (G'Burg):

It is hereby moved that the following words and phrases be temporarily discontinued:

relevant, cool, meaningful experience, Tillich, community, communication(esp. failure of), my thing, your thing, or anybody's thing or bag, where I'm at, where you're at, or where anybody is at, meeting people where they are, seminary love and concern, "Christian" as an adjective, and all those "Christian ought to's".

From The Crystal Ship (Waterloo):

NEW YEARS RESOLUTIONS.....

THAT these words be retired: RELEVANT, COOL, MEANINGFUL, TILlich, JOY.

THAT these phrases be banned: WHERE I'M AT (and variations), ANY TYPE "THING", RIGHT ON...you mean people still say that in canada?/sic/

THAT... smog levels in classes be gradually cut down to zero.

THAT I Cor. 13 temporarily be de-canonized.

THAT altar calls in chapel be reduced.

....gregg jackson.

Does this sound familiar at all????????-ed.

Is this true???

Tomorrow during chapel-convocation hour Dr. Bornemann will present the new ILCW church order. This should be good....be there!!!!

- or isn't he???

THE NIGHT THAT WAS.

Thanx to those students who got together and presented a Fastnacht evening. As of this printing--it has not yet been held--so we will hold any comments until next week.

COMING SOON!!!!!!?

A NEW SERIES IN the SEMINARIAN:
THE MANY LOVES OF FRED SCHNEEBERG--OR

WHAT NEW COUNSELLING TECHNIQUES IS PASTOR FRED USING WITH JANE????!!!!????!!
